

Nests

Directed by: Lodovico Prola
Produced by: SD Cinematografica & Ditta Prola
Duration: 8'
Versions:  
Format: SD

I am a penduline tit and if you look at my nest, it's easy to see why I'm called that way...Suspended in the branches, my nest is woven with stalks, plant fibres, leaves, spider webs and soft, fluffy seeds. A soft and comfortable shelter to win over my loved one and protect my chicks.
