

Torre Guaceto, living water

Directed by: Eugenio Manghi

Produced by: White Fox

Duration: 45'

Versions: 

Format: SD

Up north Salento, in the Brindisi province, two natural reserves defend hectares of enchanted land, survived almost as a miracle at the aggression of concrete, streets and highways. They are the Marine reserve and the Terrestrial reserve of Torre Guaceto. An important peculiarity of this area is the inaccessibility of part of the coast, protected from fishing and scuba diving: it is, in fact, a true “natural sanctuary”.
