**Directed by:** Piero Cannizzaro

**Duration:** 26 min.  
**Versions:**   
**Format:** HD

We will travel through one of the most important natural areas of the southern part of the Maremma, in a borderland where the marshes ends and the terrain becomes more rugged. With its 17,000 hectares of pristine land near Tolfa, its value is also recognised by Europe, being identified as a Site of Community Interest and a Special Protection Area. The Maremma pastures are very characteristic, with horses and cows still grazing freely in the oak forests. Almost all the land is publicly owned and the forests and pastures are managed for civic use.
