

Peter the hermit

Directed by: Paolo Sodi
Produced by: SD Cinematografica
Duration: 26 Min.
Versions: 
Format: UHD

Is it possible in 2000 to live without electricity, without television, without a telephone, without internet? Pietro has lived for over 25 years in a hut lost in the mountains of central Apennines, far from everything and everyone. We follow him in his days, in his difficulties and in the pleasures that nature reserves him. And when, at the end of the shooting, we leave him in "his kingdom" we start to share his choice!
